- 1. Introduction** – people attending the meeting introduced themselves.
- 2. Tribute** – Members expressed their sadness at the sudden death before Christmas of Gerald Laufer, and paid tribute to his community service to the Park and elsewhere. In conjunction with the Parks Dept, we are seeking some permanent record of his contribution, such as a plaque on a bench.

- 4. Charlie Foreman, Chief Officer of LBH's 2012 Olympic Unit**
Depot Site – realigned and re-worked.
Traveller families are on the edge of the depot sites – new homes being built for 8 families in group homes, single storey buildings. Moving off Olympic site in next few weeks, temporarily housed elsewhere.
Marshes – need uplift. Looking to raise money for new changing rooms, education centre and café in North Marsh.
Element of plan to rebuild Cow Bridge. Outline planning application gone in for development over next 3-4 years. Members asked if would be open to traffic?
Confirmed, to get cars off the street and into old car park.
Issue of rebuilding area of Olympic site is concerned with the surrounding areas as well so that it is not an isolated development. Looking at linking green spaces and exploring possibility of partnerships with others – e.g. Lea Valley and Millfields.
Concerns expressed about the possibility of “greedy” developers making applications for development in the future which we need to be aware of and monitor.
Concern expressed about the erosion of green space in favour of buildings, car parks, motor access and tarmac. Point taken by CF.

- 5. Constitution**
Brian explained the contents of the Draft. The existing members are those on the list circulated at the meeting and they have agreed to this prior to the meeting. Everyone attending today was invited to add their name and contact details to the list. These will then become the Members.
Philip Sawyer asked question about notice of constitution. Gill Jackson confirmed that appropriate notice had been given.
Designation of Park or Recreation Group sign erected.
Change of name? Philip informed the group of the significance.
Ian Rathbone proposed that the Constitution as drafted be adopted, subject to confirmation of the Group title at the next general meeting after investigation by Ian Rathbone into the most appropriate name from
 - Millfields Recreation Ground User Group
 - Millfields Park User Group

- Millfields User Group

This proposal was unanimously agreed.

8. EDF National Grid Work

ODI have asked to remove two former lines – Tunnel Constructed Cables in the tunnel – once working power lines removed by end of December. The second one will go by Summer 2009. Hoarding around street entrance has been improved and is working well. Councillors have discussed with EDF a potential compensation programme to benefit the Park and Users. A report from the Park Manager was tabled showing the requested funding. Ian Rathbone discussed the development of the Park Lodge. LBH is holding a “Review of Houses and Lodges” so may be included. Old School rooms discussed and request for funding to open as a community facility. Philip suggested a sub-group be formed to discuss in detail the aspects of development of Millfields and went on to give examples of good practice.

Further discussions on the South.

Question on Millfields designated as Common Ground.

Recommendation: Leyton Orient FC be contacted for funding.

Question on how information regarding the work in Millfields is disseminated. Agreed initial contact will be with Ian Rathbone who will ensure it goes out. There is a Freephone number available in the leaflet circulated – 0800 731 3745. Normally 1500 residents circulated, 650 recently added. Any queries from Residents to the Freephone number will be logged by a call centre and responded to.
